Consultant Psychiatrist

Provider no: 2518614B

Dear Doctor,

Your patient has come across details of my online psychiatry practice (www.telepsychiatrist.online).

I am a consultant psychiatrist, based in Victoria but offering specialist telepsychiatry services to patients anywhere in Australia.

I am a Fellow of Royal Australian and New Zealand College of Psychiatrists, and I am committed to providing holistic, recovery-oriented, integrated mental health care in partnership with the patient, their family and their GP.

I am experienced in treating patients over the age of 25 who present with issues relating to anxiety, depression, emotional instability, relationships, being LGBTI, and drug and alcohol use. I am also a qualified old age psychiatrist and I can provide assessments for patients with early cognitive impairment.

If you feel that your patient would benefit from a comprehensive assessment and management plan (item 291 assessment) or assessment and ongoing care and you feel that telehealth would be appropriate, then I would welcome a referral.

Referrals can be given to the patient to upload, can be faxed to the number below, sent by e-mail or my preference is to use secure messaging via Healthlink (EDI: telepsyc), Argus (ID: 3024422), Medical Objects (ID: RH3221000QH) or ReferralNet (URN: profrichardharvey).

With your patient's consent I will keep you fully informed of their progress with a detailed letter at the conclusion of my assessment and update letters after follow-up appointments.

Please do feel free to call me to discuss referrals. **Patients outside of major metropolitan areas (RA2-5) are bulk-billed.** Patients living in RA1 metropolitan areas may still use the service, but there would be an out of pocket fee of \$145 for an initial appointment, subsequent appointments would be bulk billed.

With kind regards,

A handwritten signature in black ink that reads "Richard Harvey". The signature is written in a cursive style with a long, sweeping underline.
